

# Atlantis Casino Resort, Reno:

For the corridors of the Atlantis Casino Resort in Reno, Novo Arts designed custom images and produced over seven hundred pieces of art. The twelve final images, generated by our studio and graphic artists, were based on the designer's reference images. The aquatic themed images will be printed on acrylic and mounted on specially designed metallic blocks made by Novo Arts. In addition, another image was created to be produced as framed prints on canvas for the guest rooms.
